Sub: GST Health Check Report

Dear Sir,

We would like to thank you for giving us an opportunity to work for your company. We refer to our ongoing discussion on assisting ("Company") in India for GST Health Check Report.

In this report we have covered the overall perspective of the following:

- Identifying the errors in advance so the risk of levy of Interests and penalties can be mitigated.
- Analyzing Sales data which will facilitate the area and product wise profitability of business.
- Identifying the deviation in the GST data through Comparison of GSTR-3B with GSTR-1 & GSTR-2A.
- Helps in filing GST Annual Returns.
- Providing Internal control report and Mismatch reports of the company so that the company can improve operations to avoid any working capital loss, interest penalties and future litigations.
- The CFO dashboard which enables faster, more precise decision making, allowing financial managers to assess, understand, influence, optimize financial & operational performance and identifying accounting mismatches.
- Providing risk rating card which will reflect the status of the company and enable in determining if it is good going or needs improvement.

Moreover, GST Health Check may result in cost savings by identifying tax leakages as well as developing vendor relationship.

Hope this GST Health Check report will help your company for the better and timely compliances.

Yours faithfully

10. SUMMARY OBSERVATION & CONCLUSION

Following are the conclusions drawn after doing the analysis:

Compliemnts/facts:

1. Anand Rathi Global Finance Ltd. Is having maximum sales in the month of March, 2018 with maximum sales done in Maharashtra state. The highest tax rated supply is exempt supply.
2. They are highly compliant in filing the returns.

Serious Problems:

3. There is a huge deviation of credit in GSTR-3B & GSTR-2A, Company need to check the eligibility & ineligibility of credit reflecting in GSTR-2A & prepare a reconciliation statement accordingly. Whereas, there is a minor difference in output tax liability between GSTR-3B & GSTR-1.
4. GST paid in cash varies from 37% to 92%. Average 70% is paid in cash. Analysis of huge payment by cash to be done & accordingly ITC planning should be done.

Improvement:

5. They should focus on the invoices amend later & those invoices which are not included in GSTR-1 as, the lesser the invoices the better the functioning.
6. They need to contact their clients to avoid any risk of loss of ITC as currently after reconciliation they are having a lot of invoices mismatched.
